***If there are any health concerns contact
Paradise Pet Centre immediately. (780-459-6896)***

During your pet's stay at Paradise Pet Centre Ltd, we have maintained, cared for and provided it with all necessary care at our expense. Once you take your new pet home, this responsibility belongs to you. You must provide it with the proper care and any veterinary attention it may require is YOUR expense. We would never knowingly sell a sick animal and the Buyer agrees that we could not have been aware of any illness or defect at the time of sale.

If your pet, in the opinion of Paradise Pet Centre, has any physical problems which present a health risk, we will provide a replacement pet of equal value provided that the pet be returned to Paradise Pet Centre with 5 days at the Buyers expense, and that the pet is accompanied by the original receipt. If a similar replacement pet cannot be found within 60 days a refund will be given.

Paradise Pet Centre is not responsible for any cost involved if the Buyer opts for veterinary treatment without consulting us first.

There will be no exchanges or refunds due to: allergies or allergic reactions to your new pet by owner or family members, any injury induced after the sale (including broken bones), a dislike for the pet, or any problems with a landlord.
