Dear Valued Customer:

Re: Spaying and Neutering Program – Sales Contract # _____

Paradise Pet Centre is offering an incentive program to help encourage our customers to have their pets spayed and neutered to help control animal births, sometimes unwanted and unexpected.

When your pet has been spayed or neutered, you will receive a \$50.00 in-store credit. All you need to do is come back to Paradise Pet Centre with this letter and your Veterinarian papers proving the operation has been completed and you will receive your in-store credit. It is recommended that an animal be spayed or neutered at approximately 6 months of age. Please check with your veterinarian for the best time for your new pet.

We wish you many years of enjoyment with your new pet.

Yours truly,

Store Manager
Paradise Pet Center Ltd.
